

M. GRAY CERAMICS

BY: MORGHAN GRAY

Potter Morghan Gray has been involved with the Empty Bowls Project for the past eight years. Her special technique, adding screen printed images on her works of art, makes Morghan's pottery distinctive. Patrons of Empty Bowls Project always enjoy selecting her lovely bowls.

Artists gather inspiration from a variety of sources. In Morghan's case, she often remembers the homes her mother decorated when she was a child, and she utilizes many of those memories in her designs. Morghan loves the constant process of making and creating new designs and glazes. Never one to slow down, she is always planning her next project and takes pride in making unique pottery for the modern home.

Thank you, Morghan, for sharing your talents with the Empty Bowls Project! We look forward to welcoming her back to our event in 2021!

Morghan is a pottery teacher at the Dougherty Arts Center in Austin. For information on her classes please click [here](#).
